Sleek cars and action films often go hand in hand on Hollywood's big screen. Futuristic gadgets only add to the luster of these cinematic dream machines. In the latest installment of the "Men in Black" series, "Men in Black: International," [Lexus and Sony Pictures' MIB production team](#) joined forces to create a vehicle that showcases

Lexus' commitment to the cutting edge.

The 2020 Lexus RC F, which transforms into an extraterrestrial-fighting aircraft, is the [vehicle of choice](#) for MIB agents M and H. In addition to its alien-fighting accessories, the performance luxury coupe/aircraft is equipped with Umbra Black paint finish and Quasar Power Source Technology, enabling the high-tech machine to propel agents across the universe at light speeds in style.

But the [2020 RC F](#) isn't the first Lexus to be featured on the big screen. Here are some of Lexus' most recent and recognizable cameos.
